the driving experience.

Optional APR BBK Brake Pad Replacement Part Numbers:

Brake pads from other manufacturers can be used, but at the risk of voiding the APR manufacturers warranty on the BBK. See below for optional pad sizing. In all cases shown, "X" is a place holder for the pad manufacturer's friction material compound code. Contact APR for more advice on compound selection if not sure.

Manufacturer	Part Number
FMSI	D1116
Powerbrake	X6EL-PBxx
Endless	RCP112
G-Loc	GP1365
Mintex	MDB3115 or MDB3116 (only 16mm thick)
Ferodo (Street)	FDB4212 or FDS4212
Ferodo (Race)	FRP3100
Hawk Performance	HB616x.607
Hella Pagid (Street)	8DB 355 019-521
Pagid (Race)	8005
Febi Bilstein	116138
PFC	9195

WARRANTY:

The Manufacturer will guarantee any product manufactured by the company that is found to be faulty in workmanship or materials within 12 months or 12,500 miles of use (whichever occurs first).

The warranty does not extend to faults or failure caused by ordinary wear and tear, misuse/abuse, use of the product for any form of motor sport or track-day use, incorrect fitting, use of incorrect or defective associated component parts (e.g. pads), or any cause not relating to a defect in design or manufacturing.

IMPORTANT: All APR rotors and calipers feature MTR (Maximum Temperature Recording) tabs that are applied to the outside diameter of each rotor and the inboard side of each caliper. The above warranty is VOID if any APR rotor is run to maximum temperatures in excess of 630° C (1166° F) or any APR caliper is run to maximum temperatures in excess of 200° C (392° F).
