OVERVIEW: This kit controls noise and vibration on the doors on 1990-2005 Mazda Miata NA & NB models

Installation

STEP 1. Remove your door panel.

STEP 2. Clean area before applying each sheet.

STEP 3. Place the two sheets of Boom Mat in a clear area inside the door.

STEP 4. Use the Boom Mat tape to fill in any clear areas remaining. Repeat for other door.

NOTE: Diagram is for approximate location for applying material. The material is to be placed against the outer door skin. Make sure material does not interfere with normal window or door operation.
