## FEATURES

- Funnel can be directly connected to oil filler necks, eliminating unsafe oil spills.
- Engine oil bottles can be put upside down on funnel-hands-free for one-person operation.
- Large oil passage allows oil to flow down more rapidly.
- Lower transparent chamber shows oil flow down to engine.
- Includes adapters for most common vehicles in North America.
- Provided with a storage holder and a drain plate.

Different engines have different configurations below oil filler neck. Some engines may have parts that create a baffle, which makes conventional funnels hard to stabilize on oil filler neck, or one hand is needed to hold against the funnel when refilling engine oil. However, this funnel set solves these problems. A seamless connection can be created to prevent unsafe oil spills within engine bay or on floor and perform oil changes without assistance.

## LIFETIME WARRANTY

Mishimoto Automotive (“Mishimoto”) warrants its products under this lifetime limited warranty policy (“Warranty Policy”). This Warranty Policy applies solely to: (i) Mishimoto Products purchased directly from Mishimoto or Mishimoto authorized dealers (each a “Mishimoto Product” and collectively, the “Mishimoto Products”) and (ii) the original purchaser of such Mishimoto Product (“Purchaser”). This Warranty Policy is non-transferable and all claims under this Warranty Policy must be accompanied by the original sales receipt. The terms and conditions of this Warranty Policy are subject to change by Mishimoto at any time without notice.
